Advanced Crystal Dreaming Deeper into the mystery

This course will open the doorways of your own perceptions and abilities to work in an altered state.

Using just **one crystal** you will learn how to enter an altered state alone, without guidance, with ease and grace, contacting and working with both your own team and that of your client.

You will learn how to apply the Crystal Dreaming techniques you are already practising **and which you know well** on both yourself and your client whilst you are in an altered state.

You will learn how to clear spaces and clients without the need for clients to enter an altered state. (Particularly useful for clients that have difficulty surrendering to the Crystal Dreaming process).

You will learn how to “track” a client in an altered state whilst another practitioner guides them through a Crystal Dreaming journey. We will practice channelling, mediumship and accessing the Akashic records. You will also learn remote viewing and absentee healing using Crystal Dreaming techniques.

You will need to bring your own special crystal for this course, a high vibrational Dow, Channelling, Isis, a clear quartz or green obsidian ball that you can easily hold are recommended. I can bring a limited number for use and purchase given advanced notice.

This advanced course is suited **only** to practitioners who enter an altered state easily and open **only** to practitioners who have been practising for some time. Who are **totally familiar** with the Crystal Dreaming technique and **who have experienced challenging sessions** as outlined in *Alchemy of Crystals*.

One day course \$210 (incl. gst)

A non refundable deposit of \$50 secures your place
